## Smallest US Perfin Cover

Patrick Durbano

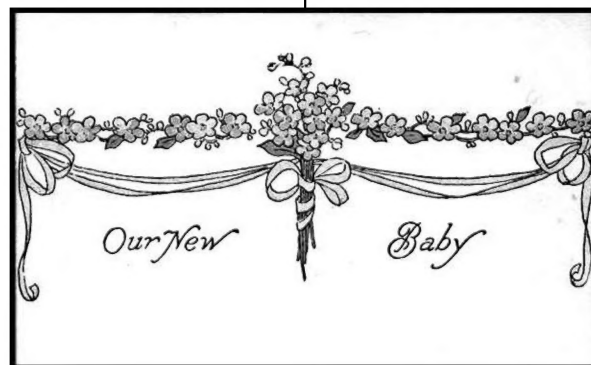

Saw the article Bob Szymanski penned in the last Perfin Bulletin and it reminded me of a cover I have had for 10 years. The size is 3.25 inches x 2 inches. It was mailed from Scranton, PA - Aug 26, 1918 to Waterloo, Quebec, Canada and arrived on the 28th. It contains a baby notice from 1918. The pattern is D61A (the Delaware, Lackawana and Western Railroad Company – obviously not the parents).
